APPROVAL OF MINUTES: May 23, 2012

A motion was offered by **Committeewoman DiGiuseppe** and second by **Committeeman Gable** to approve the minutes of the July 25, 2012 meeting. Motion carried.

WRITTEN REPORT: Landfill Inspection Report: (8-15-12, 9-6-12)

By John Kampo, Inspector

Mr. John Kampo was in attendance and explained that Jef Jones had contacted him about the trucks getting flat tires. There was also a complaint about the mulch. He said there was a lot of mulch and, when the trucks leave the dumping area, they start to slide. That particular cell is now finished. They are into the new cell. Eventually they will take all the cells and put them together and there will be one huge road. Mr. Kampo then explained that, when trucks are leaving the dumping site, they pull out a bit and then shake the truck, leaving garbage on the roadway. When trucks then go into the landfill, they run over garbage. They add a lot of mulch which creates sliding of the trucks. Jef Jones felt they are ruining the truck. Mr. Kampo advised him to speak to Mike who he felt would cooperate.

A motion was offered by **Committeeman Clark** and second by **Committeewoman DiGiuseppe** to accept the report of Mr. Kampo and the following correspondence. Motion carried.
