APPROVAL OF MINUTES: December 23, 2013

A motion was offered by **Committeeman Puglia** and second by **Committeeman Gable** to approve the minutes of the December 23, 2013 meeting. Motion carried.

**REPORT: John Kampo, Inspector – Sanitary Inspection – Landfill Report
January, 2014 and February 2014**

Mr. Kampo said he spoke to Waste Management who presented something to the Burlington County Freeholders with intentions to close the compost plant. They want to collect food, recycle it and make diesel fuel. This will be self sufficient for the landfill who will sell it to the truckers that come in there. He said the Freeholders were receptive to the idea. If this does happen, the compost plant will close and they will use it as food storage. This is a proposal.

Deputy Mayor Clark spoke of conversation a few years back in regard to opening the first cell and mining the metals out of it. He asked if they are still talking about this. Mr. Kampo said no, they don't want to do it as it will cause a lot of odor.

A motion was offered by **Committeeman Puglia** and second by **Deputy Mayor Clark** to accept Mr. Kampo's report. Motion carried.
